### 'Thunder' Boasts Original Music

By BARBARA SINCLAIR

For the first time in the history of a Thunder Production, this year's "Campus Thunder" will present a completely original musical score.

Although past shows have contained original songs, this is the first year that all music has been written expressly for UB's show.

Sime Neary, veteran vaudevillian and popular dancing instructor in Bridgeport, has collaborated with Albert Dickason, author of the book and sketches, in introducing a more original musical score than ever before. He has composed 17 new songs that will be used in the show plus music for the two ballet numbers.

All the songs in the show have been penned by Mr. Neary except for the traditional theme song, "Campus Thunder," written by Mr. Dickason, and used in every Thunder Production. The wonderful songs by Neary, already being hummed around campus by those partaking in the revue, run the gamut from blues to peppy to comic to romantic.

Some of the new songs that you will be hearing Nov. 15 through 18 at the Klein Memorial will be "Poo-Poo to You," "Hazel," "I Want You, I Do," "Parisian Tempo," "Purely Imagination," "Sapphire Baby" and many others.

**ALUMNI EXECS** Alumni Association, University of Bridgeport, Executive Board. Top Row: Herbert Bundnock, president; Walter Maguire, vice-president; John Jensen, treasurer. Bottom Row: Paul Liscio, alumni trustee; Barbara Gormley, secretary; Everett Matson, executive secretary. The Board is responsible for the Homecoming day festivities. By BARBARA SINCLAIR

Highlighting Alumni Homecoming Day this Saturday will be the alumni banquet at Candlelite Restaurant, the election of new association officers, and the football game between UB and Loyola of Montreal.

### Elizabeth Bowen English Novelist To Speak Here

By VIRGINIA TENNENT

Elizabeth Bowen, considered Britain's top-ranking contemporary woman novelist, will speak on "The Writer's Role in the Atomic Age" at the Klein Memorial next Tuesday. Periods 3 and 4 will be cancelled. Her lecture is one of a series sponsored by civic and university groups in the East and Middle West.

This is Miss Bowen's first American lecture tour, but she has visited the United States on three previous occasions. Her current tour includes appearances at Columbia University, Mt. Holyoke College, Smith College, the University of Syracuse, De Pauw University, Amherst College and Temple University.

Miss Bowen is best known to Americans for her novels, "The Heat of the Day," a Literary Guild selection in 1949, and "The Death of the Heart." The publication of these two novels in particular brought Miss Bowen to the attention of the American public, although she had long been a favorite among critics.

Her most recent work, "Collected Impressions," a collection

President Halsey, Vice-President Littlefield, and Student Council President Stew Baker will join with association Pres. Herb Bundock to greet the alumni at the banquet. Association vice-pres. Walter Maguire will confer upon one of Bridgeport's most outstanding citizens the award of honorary alumnus. This award has been made only once before, to President Emeritus E. Everett Cortright.

#### SLATE NOMINATED

At the last meeting of the executive board the following slate was nominated to be presented to alumni for their vote: Walter Maguire, '43, president; Reigh Carpenter, '49, vice-president; John Jensen, '41, treasurer; and Barbara Gormley, '47, secretary.

One major point that was also brought up at the last board meeting was the reorganization of the Association. The board received a recommendation from the Council of Class Representatives to organize each graduating class on an individual basis rather than the present system whereby an agent is picked from each class and these agents form the Council. Senior Class officers would hold office for the five years following their class graduation.

#### ASSOCIATION AIMS

It is hoped that this plan will make Association contacts more personal with a net result of better reunions and homecomings, and an expanded fund campaign.

The officers for 1949-1950 were: Herbert Bundock, '37, president;

### Reigh Carpenter, UB Grad, Running For Senatorial Seat

Reigh Carpenter, who graduated from the University last Spring, is a candidate for State Senator of the 14th Senatorial District.

While attending UB, Reigh majored in history and government, was a member of Theta Sigma fraternity, and participated in many activities on the campus. He was also a member of the first Student Council.

Reigh graduated with the first class to receive Bachelor's degrees, and this same class will probably be the first to receive Master's degrees this May.

During the day he teaches eighth grade English and history in Fairfield, and in the evening he is enrolled in an education class at the University.

He is also serving as Milford Fire Commissioner, and was formerly a Town Meeting Representative and Constable in that town. In 1948 he ran for the State Legislature.

To date the Park Hall Mascot Committee has collected about one fourth of the money needed to buy, feed, and house the dog. The goal set up for the Mascot Drive is \$500, not a large amount with the costs of insurance, veterinary fees, equipment, food, kennel, licensing, and registration.

It is definite that the mascot will make his appearance at the Loyola game during half time, but, so far, a name for him has not been chosen.

Since the opening of the drive at the recent UB-New Haven Teachers' game, the best responses have been from the residence halls and the fraternities. Money is being collected by the Mascot Committee members and collection boxes have been placed in the Snack Bars and residence halls.

Contributions have averaged fifty cents per person. Donations may be sent to Mascot Fund c/o Park Hall, Park Place. Give donations only to authorized committee members indicated by arm bands reading "Mascot Committee."

The Mascot Committee includes Roland Blais, chairman; Tim O'Sullivan, Richard Knap, Barry Gell, William D. Clark, Tony Masaro, and Frank Stackpole.

## Scandinavian Film Showing Nov. 10

## Smoke Means Fire

Where there's flame, there can be fire. The cigarette is a potential enemy to a college campus. Yes, you have heard it before—you will hear it again—what will you do about it?

An easy chair in the Bishop Hall Lounge was found burning recently. The cause—a discarded cigarette. Two weeks ago a similar accident occurred in Wistaria Hall. A cigarette was found burning on a chair cushion. Fortunately, in both cases, the burning chairs were discovered in time, and the smouldering cushions extinguished immediately. Think for a minute of what could have happened had they gone undiscovered!

All bedrooms in every residence hall on the campus are equipped with a fire extinguisher. A fire extinguisher which bears a label that reads: "Presented to the University of Bridgeport by Alpha Gamma Phi in memory of Maurice A. Ahearn who gave his life arousing fellow students in a dormitory fire December 4, 1949, at the University of Oklahoma." Ahearn was a former UB student. It is our hope that the fire extinguishers will never have to be put to use.

Smoke only in authorized areas. Allowed smoking areas for Fairfield, Bishop, Loyola, and Westport Halls were set up at an October meeting of the student-faculty committee on Fire Prevention and Smoking Regulations. Signs indicating smoking and non-smoking areas will be posted in various buildings. Use caution even in allowed smoking areas; the fire danger is always present in classroom buildings and residence halls.

Be certain that your cigarette is ground out before flipping it away. When smoking on campus get into the habit of field stripping them. Make sure that your cigarette reaches an ashtray—not the floor, or a neighboring chair or couch.

A cigarette has the power to destroy—remember that the next time, and every time you light a cigarette.

## Fair Play

We, as students of a recognized college, have often heard and perhaps preached a very familiar tune, that a small school offers more benefits than its larger rival because of a more human approach—a closer relationship between professor and student. "In a small school you're not just a number," is the proud contention.

This theory, when applied, has proven its merits but it is interesting to note the one criticism offered against UB by a transfer student who has been a "number" at another institution of a higher level. His words were to the effect that "the professors here are too personal with students, more so with some than with others."

Such words are not to be discarded lightly. Whereas a Utopian teacher-student relationship cannot be had, the statement does provoke some thought. It deals with the problem of favoritism, and this college is no exception. Perhaps it is human nature for a select few to appease and thereby win the favor and admiration of an instructor. Some individuals are more ambitious than others; they will forge ahead while others will not.

On the other hand a prof is only human and therefore entitled (supposedly) to violate certain principles. Intentional and premeditated abuse of those privileges is something else. Perhaps it is a problem that cannot be solved—one of the fallacies of our educational system. At least it's something to think about.

## Your Vote Counts

Get out and vote! It is important that you have a part in the forthcoming November 7 election.

We have all been following the election campaigns in the newspapers; we have read predictions as to what the results will be in the gubernatorial and senatorial contests. What counts, however, is the actual election. See that you have a part in it!

"Is this where you register for the Knight Classes?"

## Happenings Across The Nation

By BENJAMIN RAUBVOGEL

A new departure in admissions policy under which "mature students" may gain a bachelor's degree without ever having been awarded a high school diploma has been announced by Louis M. Hacker, director of Columbia University's School of General Studies.

The plan is that of a "validation semester," in which students of ability and character will be permitted to prove their academic worth. The School of General Studies is Columbia's division of adult education. Its students must be at least 20 years of age.

Under the new plan, an applicant who for good reasons did not complete his high school education may take the General Studies Aptitude Examination. If he brings off a satisfactory score, he will be interviewed, will file a formal application and, if accepted, will be permitted to take a specific program of basic courses as a non-matriculated student.

After one semester, demonstrated competence in these courses will validate his entrance requirements and enable him to be matriculated for degree candidacy. He will be given credit for work done in the basic courses and he will have no deficiencies because of the absence of a high school diploma.

The subjects designated for the "validation semester" in General Studies are English, History,

Chemistry or Physics, Mathematics and a foreign language.

"We have believed for some time," Professor Hacker said, that our admissions procedures were not sufficiently flexible. In view of the maturity of General Studies students, we have felt that the old procedures were unrealistic. So we have searched for a way in which we can give recognition to the experiences and achievements of students who have not completed formal secondary training."

## Veterans' Affairs

By AL SHERMAN

Public Law 610 — watch for future announcements concerning the latest changes in V. A. regulations. They pertain mostly to change in objective plus part time training.

All veterans who have not received V. A. form 7-1907c, Notice of Training Status, should report to Mr. Karlac in order to learn why such a form has not been issued. One exception to this group includes all those veterans who have recently submitted their letter of eligibility. Failure to receive this form means that you will not receive your subsistence allowance.

Mr. John Karlac, University of Bridgeport graduate and a veteran of World War II, will now assume duties as Veterans' Counselor. I hope that the veteran students will give him the same co-operation that they gave me. As you probably know I have been involuntarily recalled into the United States Navy.

Did you ever stop to think what might have happened to American History if the British soldiers at Bunker Hill had bloodshot eyes?

If all the students who sleep in class were laid end to end, they would be more comfortable.

The Roving Reporter welcomes questions from the readers which can be used as the question of the week. Kindly send all correspondence to the Roving Reporter, in care of the SCRIBE.

**QUESTION:** There have been two suggestions as to a mascot for the school — a Great Dane and a St. Bernard. Which would you prefer and what would you name it?

**Beryl Light,** Marketing Sophomore: I would chose a Great Dane because it symbolizes the spirit the school should have. Sir Galahad would be a good name.

**Lou Saccone,** Foreign Relations Sophomore: I would prefer a Great Dane because it suggests a good nickname and symbolizes speed, power, etc. I would name him

**Harriet Weis-Kingberg,** Medical Secretary Freshman: I think we ought to get a Great Dane because it seems more the type for a mascot. I'd choose Sir Galahad as a name.

**Robert Nichols,** Economics Senior: The St. Bernard is my choice because it symbolizes, fidelity, endurance and strength. Why not call him the Purple Knight?

**Phyllis Novick,** Medical Secretary Freshman: A St. Bernard is so big and lovable that he'd be a perfect mascot. If you're ever in need of something, the St. Bernard is always there to help you.

**Ernie Beron,** Mathematics Junior: A Great Dane has more distinguishing features. It symbolizes the spirit that should be prevalent in this school. My choice for a name is Prince Valiant.

### 'Burning Bright' Well Acted Play

By SAND MEHORTER

**Burning Bright**, a somewhat prophetic title, is a new Steinbeck opus which will leave an imprint on the current season as a well-directed and well-acted play. Produced by Rogers and Hammerstein and directed by Guthrie McClintie, **Burning Bright** stars Kent Smith, Howard Da Silva, and Barbara Bel Geddes.

Its theme is the story of a young wife's attempt to bring happiness to her sterile, middle-aged husband who craves parenthood. This she does by bearing him a child stired, without his knowledge, by another man.

And here's the rub: the husband accepts the adulterous act as perfectly suitable; for Steinbeck's rather ludicrous philosophy—that man is the father of all children and should consider himself as such—is the basis of the entire play. Title "Burning Bright" is taken from a William Blake verse that raises the question, did the same creator who made the docile lamb also create the fearful tiger?

Just as "Sunset Boulevard" told the story of a passe glamour queen, so Twentieth Century Fox's **All About Eve** offers a backstage portrait of an aging Broadway star. The heroine is Margo Channing (Bette Davis), a middle-aged but famous star who absorbs into her orbit such well-known figures as Anne Baxter, George Sanders, and Celeste Holm. Miss Davis' incisive, intelligent performance re-emphasizes her comic flair, and this time she is at her best.

# UB Meets Loyola In Homecoming Tilt

## Purple Knights Crushed, 25-6 At Stroudsburg

By FRANK CASTELLUCCI

The UB football eleven will be looking for its fourth victory of the year Saturday night at Candlelite Stadium, when it engages Loyola College of Montreal at 8 P. M.

The clash will climax the celebration of University Homecoming day and will be preceded by the Alumni banquet and election of 1950-51 officers.

The game marks the final home night meeting of the year for the charges of Coach Walt Kondratovich, who enters the tilt with a won three, lost three record.

This is the first time that the Purple and White has engaged a Canadian opponent, and the University eleven is anxious to win the clash and leave its mark on its northern neighbors.

The UB eleven went down in defeat last Saturday night in East Stroudsburg, Penn., 25-6.

After the opening five minutes, the Warriors had tallied a touchdown on a double reverse from Eagan to Swartz to Pritchard, who proceeded to the one yard mark. On the next play, Eagan scored on a quarterback sneak.

In the second period Longo registered for the Purple Knights on a 56-yard drive headed by the running plays of Frank Giannini and Frank Costa. The play was set up when Paul Macciocca recovered a

**COLOR AND DASH** is supplied to the UB football games by the University band, directed by Mr. John Worley. A former assistant conductor of the Ohio State University marching band Mr. Worley has been striving to assemble a top-notch marching and concert organization to represent UB.

This year's impressive aggregation features drum majorette, Marge Cicero and includes 58 musicians and 14 Bridgettes.

The ten minute exhibition that the football fan views during halftime is a product of five to eight hours plan-

ning, two hours marching and formation rehearsal and other hours of music rehearsal.

The rehearsal schedule of the band is as follows: Monday and Tuesday members work on music for the coming Saturday; Wednesday, marching rehearsal; Thursday and Friday, four formations are worked out. Mr. Worley finds it difficult in working out the formations because of the inability to get an airplane view.

Any freshman or sophomore who does not as yet belong to the band may find inducement in that if 5 rehearsals a week are attended you receive both music and physical education credit. Upper class students usually make two or three rehearsals a week for music credit.

## UBooters Engage Arnold After Seton Hall Setback

By ED PETTIT

Purple and red may be complementary on the color wheel, but when purple represents UB and red signifies Arnold they are bound to clash, and they will this afternoon when Soccer Coach Simon unleashes his Terrier booters at Seaside Park.

UB's tacid Tony Iannone has declared that although he wants to win every game, he considers the Arnold clash the top prize because of the early season 2-2 deadlock between the two clubs.

While visions of the Terrier's football win dance through his

head, the avenging Tony is confining the physical terpsichore to the practice field and putting his booters through a choreography which stresses offensive punch. It was this absence of added scoring power that produced tied games instead of victories so far this year.

### PANZER NEXT FOE

When the red tide of Milford recedes, the UBooters will prepare for another home game on Saturday, against Panzer College, whose team shut out UB last year, 3-0.

Last Saturday the Pirates of Seton Hall sailed into Seaside Park, raised their Jolly Roger, zeroed-in on the Purple and White defense and let go with a nine goal broadside.

It was a case of cannon versus lances as the game but out-classed Knights could penetrate the Buccaneer armor only three times, twice on penalty kicks by Tom Morrison and Walt Lombardo and once on the single tally of Andres Varela.

This loss scuttles UB's chances

of an unbeaten season. The record now stands at one up, one down, and two even. This still constitutes the best season the UB booters have ever enjoyed.

## Two Teams Lead Volleyball Loop

Linden Hall and the Hazardettes continued to lead the standings of the Women's Intramural Volleyball League by defeating Milford Hall and Southport Hall.

Evelyn Stansky was the standout in the Linden Hall victory and Betty Ann Dobas scored 14 points for the Hazardettes' win.

Jean Coury, Women's Intramural Director, has announced that checker and chess tournaments will begin in the residence halls this week.

## Glines Optimistic Over '50 Quintet

By IRV JOHNSON

Coach Herb Glines was optimistic over prospects for a successful 1950-51 basketball season as his charges wound up their second week of rigorous training.

He was highly pleased with the rapidity with which the squad is taking shape, and he ventured to say that this year's five will be "just as good, if not better," than last year's high-scoring aggregation.

The squad looks promising, and lacks nothing in height, speed, and scoring punch. The addition of such stalwarts as Lou Saccone and "Skip" Stanton, who are presently performing with the football squad, will lend added strength and experience to the team.

This year's quintet will play its fifteen home games on the Armory court, and it is hoped that the entire student body will support this potentially fine team.

The complete 1950 schedule follows:

Dec. 1—Pratt; 6—Iona; 9—Adelphia; 13—Brooklyn; 15—Hillyer; 16—Bryant; 29—Taylor.  
Jan. 3—New Haven Teachers; 6—Bradford Durfee; 10—Fairfield; 13—Wilson Teachers; 19—Arnold; 20—Panzer; 27—Hofstra.  
Feb. 2—St. Anselm's; 3—Bradford-Durfee; 7—Newark (Rutgers); 9—Fairleigh Dickinson; 14—Becker; 17—New Britain; 21—Arnold; 24—New Haven Teachers; 28—Brooklyn.

## High Scores Highlight Intramural Grid League

High-scoring games highlighted play in the intramural football leagues this week as the regular season entered its final stages. There were no serious upsets, but there were a few mild surprises as the boys in both leagues went on a scoring rampage.

Leading the touchdown parade, strangely enough, were the hitherto victoryless Sigma Phi Alpha boys who massacred a hapless Upsilon Beta Sigma squad, 40-0, to tie an all-time intramural high scoring mark which was set by Alpha Gamma Phi last year.

Vinny Maiocca spearheaded the SPA attack as he turned in one of the most sensational individual scoring performances in intramural football history by scoring 19 points. This scoring burst enabled Maiocca to take over the individual scoring leadership of both leagues.

### Theta Sigma Wins 22-10

In another free-scoring fray, league-leading Theta Sigma dumped the cellar-dwelling Kappa Beta Rho seven, 22-10. "Bobo" Chamberlain's aerial artistry was the deciding factor in this game as the rotund Bobo flipped three touchdown passes.

In the only other Fraternity League game, Alpha Gamma Phi topped Delta Epsilon Beta, 9-2.

The Sixty-Niners (formerly Dubois' Boys) continued to dominate the Independent League as they rolled to impressive victories over strong opponents. In the feature game of the week, the Sixty-Niners dropped the powerful Hill-sides aggregation from the unbeaten ranks by a convincing 26-6 count. The Sixty-Niners also topped Trumbull Hall, 13-7.

### Marina Hall Forfeits

In other scheduled games, Park Hall won by forfeit over Marina Hall, the Hill-sides won by forfeit over the Bergen Boys, and Pi Omega Chi took a forfeit decision from Upsilon Beta Sigma.

Choosing the IM player of this week was a very difficult task as there were many sparkling individual performances. However, after much haggling and discussion, the officials decided to award the honor to two players, Herb Lampert, of Alpha Gamma Phi, and James Huffmire of the Sixty-Niners.

fumble on the Bridgeport 44.

Stroudsburg tallied in each of the following three periods as Swartz, who set Bridgeport back all night with his aerial wizardry, hit end Floyd Garis with a 26-yard pass for the score.

In the second half a Bridgeport drive was halted on the Stroudsburg 25 after the Knights had come from their own 14. The Warriors scored again as Jack Eagan hit Gene Pritchard with another pass.

The final score was registered when Phil Braungo ran eight yards to pay dirt. Swartz kicked the extra point and Stroudsburg won, 25-6.

Those that have studied radio journalism have been quite successful. Adrian Conway announces on WNLK, Norwalk; Jim Gaffney is News Editor on WLIZ, and Phil Peterson works on WNAB. Others are Bob Crane who is on WLEA, Hornell, New York; and Hal Emerson, who took the first course offered, now announcing in Memphis, Tenn.

Miss Bowen's other works include "Bowen's Court," "The House in Paris," "To the North," "Look at All Those

Born in Dublin at the turn of the century, Elizabeth Bowen showed early promise of literary success. At fourteen she was sent to boarding school where the head mistress perceived her talent and encouraged her to become a writer.
